

Amaranthine will return/refund the product if it complies to the following terms and conditions

- Product must be full or have 90% of content still in bottle. (Within 10 days)
- If the product is handled according to prescribed instructions
- If the product has a faulty pump and there is still 75% or more content left in the bottle
- Must be returned within 10 days from the purchasing date

Products contain pharmaceutical grade raw materials, which are very active and beneficial for your skin's health. Possibilities of mild irritation upon first use may occur, or if used too frequently.

Please be advised on the following guidelines:

- Store products below 25[°]C
- Do not expose to light and air, as active ingredients may change molecular structures
- Store in a cool, dark area
- Do not expose skin to direct sunlight after an advanced peel treatment, as skin cells need to mature and dermal pigmentation can occur
- Do not touch your skin after an advanced peel treatment as treatment is bacteriostatic* and it will affect results of treatment
- Do not cleanse your skin for 24H after an advanced peel treatment, as active ingredients remain on skin and adverse effect may occur
